Gifts for any Occasion

Sundance Replicas are handcrafted and made from wood. We take your photo and carve it into a very special gift. A Replica is much like a framed photo with a bonus - the added realism of three dimensions.

Send us your client's shore home, a favorite family photo, or perhaps a photo of your home, your pet, your car or boat; we can create a Replica from *any* photo you send us. If you can photograph it, we will make a Replica which is sure to please.

Replicas are a special and unique way to remember the moment and the place. A Sundance Replica also makes a thoughtful gift for the loved one who has everything else! And it's an ideal corporate gift. If you have a friend who's moving, it's the perfect farewell keepsake or housewarming gift! A perfect gift for **any** occasion.
